Budget Guidance Statement:

The Council requests the Executive to include in the 2013 -2014 proposed budget \$950,000 in General Sub fund (GSF) support to be used for the possible one-time construction costs associated with the redevelopment of Fire Station 39. These funds may be used to fund the service space in what is anticipated to be a building that houses low-income or homeless people at FS 39. SLI 35-1-A describes the process that will be undertaken to develop a proposal for this project. The Mayor has indicated his intent to include this funding in the 2013 proposed budget and this request formalizes the Council’s support of this funding proposal.
